Note that all remittances are monthly and also made in Dollars or its equivalent.

Why Dollars?

You may ask or wonder, 'so why remittances in dollars (or foreign currency) and not Naira?'. Well, the instruction is very discrete and explicit at the same time. "Raise me an army whom I would lift and grant international open doors. For there to be access to international opportunities and open doors, there must be a seed to that effect. The monthly seed you raise is your travail to gain access to the open doors promised. And as you travail, may you prevail in Jesus name.
